## Description

An easy-to-install, plug-and-play, all-in-one network solution -- the new SonarHub™ Sounder Module makes it easier than ever to connect to the latest sonar technologies for Lowrance HDS, Simrad and B&G multifunction displays -- including CHIRP, StructureScan® HD imaging and ForwardScan-- as well as the new Lowrance SpotlightScan™ bow-mounted solution for HDS Gen2 models. Key Points -Compact, all-in-one sonar module delivers CHIRP sonar, StructureScan® HD and ForwardScan technologies. -CHIRP sonar delivers extremely efficient pulse generation that provides improved target resolution and noise rejection, as well as wide coverage for perfect arches that clearly identify fish targets. -StructureScan® HD offers best-in-class, side-scanning range and resolution, plus DownScan Imaging™ to provide crystal-clear, picture-like views of what's beneath your boat. - ForwardScan®\*\* Know what lies ahead, with Simrad ForwardScan. This forward-looking sonar provides a clear two-dimensional image of the bottom in front of your vessel, allowing you to navigate shallow or poorly-charted waters with confidence. -Optional transducers include all Lowrance blue-connector transducers, as well as all Airmar single channel CHIRP transducers and existing StructureScan® HD transducers. -Compatible with ALL-NEW SpotlightScan™ surround-scanning sonar transducers.\* -Plug-and-play compatibility with Lowrance HDS Gen1 (not including SpotlightScan™ and CHIRP sonar), HDS Gen2 and Gen2 Touch fishfinder/chartplotter models, as well as Simrad and B&G multifunction displays. -Three built-in Ethernet ports allow for quick and convenient networking without the need for an extra Ethernet networking module. -Supported by Advantage Service programs for B&G, Simrad and Lowrance -High performance sonar module including both StructureScan HD/Forward scan + CHIRP sonar\*\*\* -View DownScan Imaging, Side Scan Imaging plus a single frequency 50, 83, or 200Khz all at one time with a single SonarHub -While using CHIRP sonar SideScan and Down Scan will not be available \*SonarHub Sonar Module not required for SpotlightScan™ functionality with HDS Gen2 Touch displays. \*\* SonarHub may require a software update. Check the SonarHub web page for the latest version \*\*\*Only once source can be used at a time

## Features :

- Compact all-in-one sonar module delivers StructureScan® HD and CHIRP sonar technologies.
  - CHIRP sonar with AIRMAR® TM150M transducer delivers extremely efficient pulse generation that provides improved target resolution and noise rejection, as well as wide coverage for perfect arches that clearly identify fish targets
  - StructureScan® HD offers best-in-class, side-scanning range and resolution, plus DownScan Imaging™ to provide crystal-clear, picture-like views of what's beneath a boat.
  - Optional transducers include AIRMAR® TM150M, single-channel CHIRP transducer and existing StructureScan HD transducers.
  - Plug-and-play compatibility with Simrad NS Series multifunction displays.
  - Three built-in Ethernet ports allow for quick and convenient networking without the need for an extra Ethernet networking module
-
